www.ul.com/database for additional information

Only those products bearing the UL Recognized Component Marks for the U.S. and Canada should be considered as being covered by UL's Recognition and Follow-Up Service and meeting the appropriate U.S. and Canadian requirements.

The UL Recognized Component Ma

Recognition as published in the appropriate UL Directory. As a supplementary means of identifying products that

be used in conjunction with the required Recognized Marks. The Recognized Component Mark is required when specified in the U

UL Recognized Component Mark for Canada consists of the UL Recognized Mark for Canada: A and the r product designation as specified under

Recognized components are incomplete in certain constructional features or restricted in performance capabilities and are intended for use as components of complete equipment submitted for investigation rather than for direct separate installation in the field. The final acceptance of the component is dependent upon its installation and use in complete equipment submitted to UL LLC.

Look for the UL Recognized Component Mark on the product.
