

Product Upgrade Notice: Planned Implementation of Plastic-Free Packaging Materials for Industrial Power Supplies

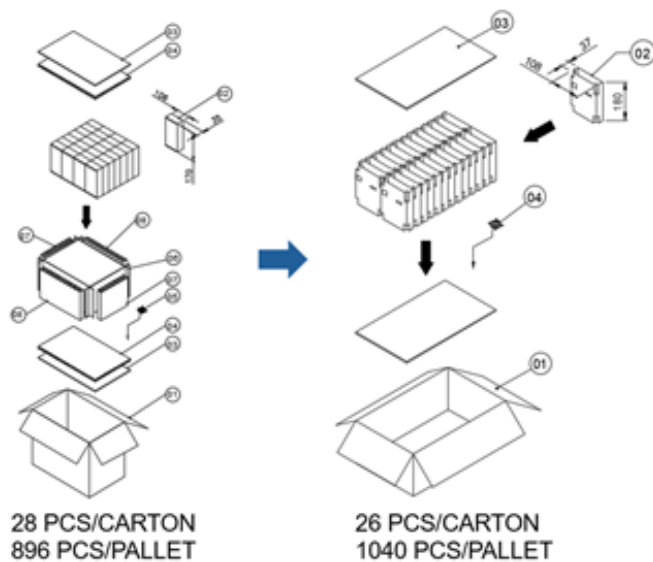

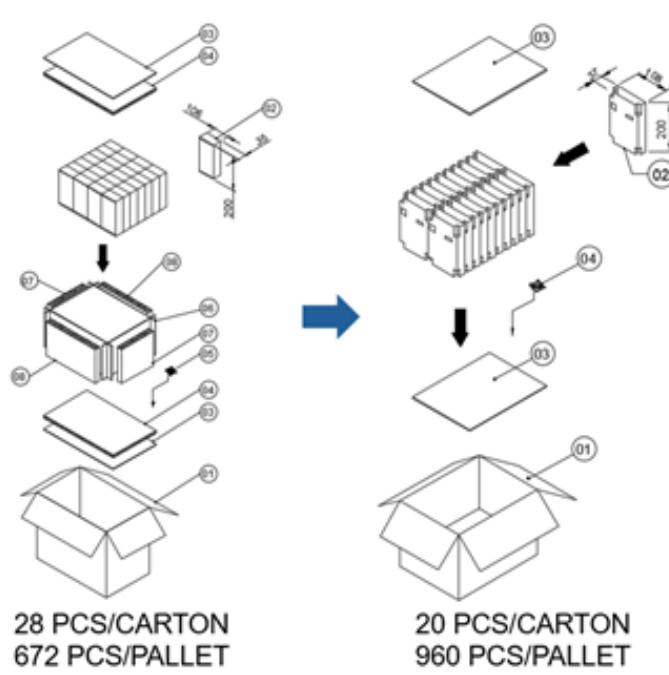

Delta is committed to environmental sustainability and to minimizing the environmental impact of our products and packaging. As part of our ongoing green initiatives, we will implement plastic-free packaging materials for the following industrial power supply series.

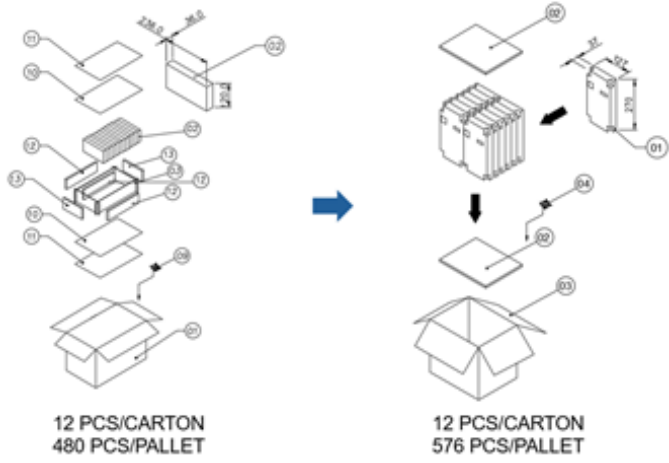

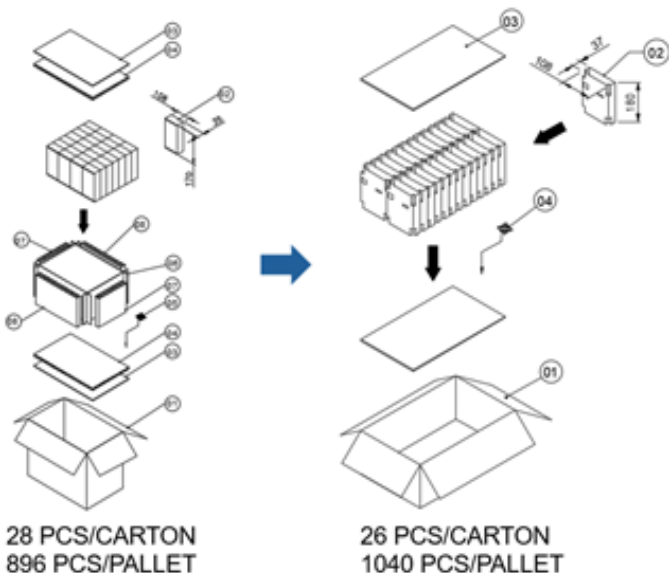

This initiative reflects our dedication to corporate sustainability and aligns with global trends toward environmentally responsible manufacturing and packaging. For details regarding the affected models and implementation schedule, please refer to the modification information below.

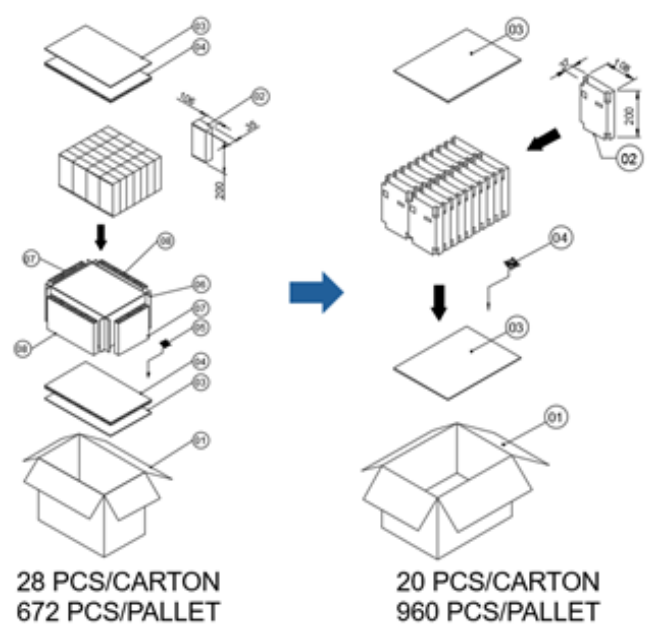

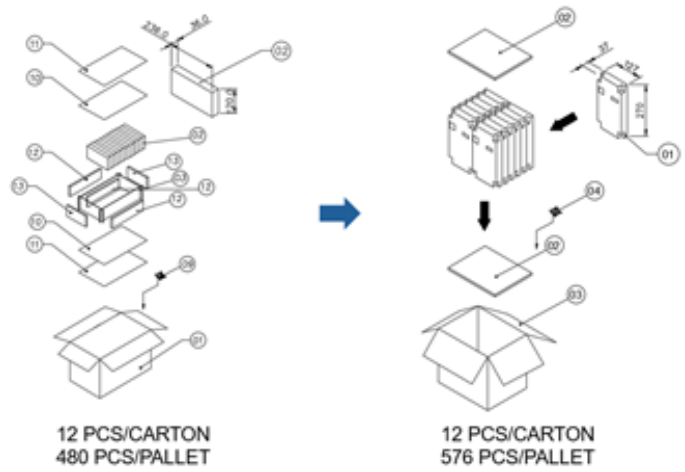

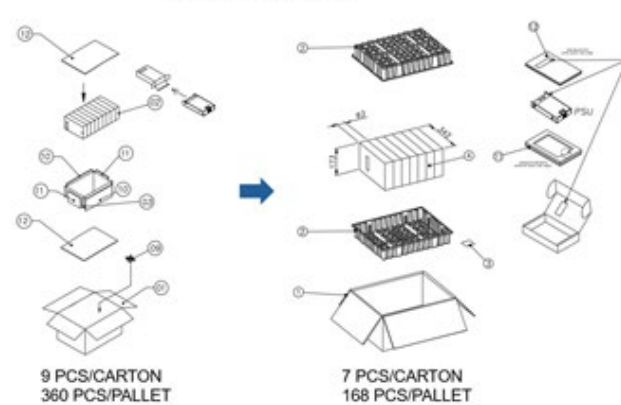

If you require any further clarification, please reach out to us via our [Contact Us Form](#).
