

Issue Date: August 30, 2012

NEW: CliQ II 24V 60W NEC CLASS 2 POWER SUPPLY

Highlights & Features

- ▲ UL 1310 NEC Class 2 certified
- ▲ IP20 Compliant
- ▲ Efficiency > 87.0% typ.
- ▲ Overload / Overcurrent / Over Temperature Protections
- ▲ No power de-rating across the entire input voltage range

GENERAL INDUSTRIAL APPLICATIONS

DRY INDOOR USE

UL 1310 CERTIFIED

For more information, visit www.DeltaPSU.com

Delta Electronics is introducing the CliQ II 24V 60W NEC Class 2 certified power supply. The product can be used in general industrial applications, especially for dry indoor condition with the advantage of lower wiring costs for a system due to its compliance with NEC Class 2 requirements. The NEC (National Electrical Code) is a North American standard, which is regarded as a law in most North American states. The NEC describes the installation of electric conductors and equipments within or on buildings. The CliQ II 24V 60W NEC Class 2 features universal AC input and a high efficiency of more than 87%. The product has an expected life time of 10 years and will have no output power de-rating for the entire range of input voltage from 85Vac to 264Vac. This is useful for systems that require full output power at low input voltage. Typical DIN Rail power supply with similar specifications starts to de-rate at input voltage below 90Vac.

CliQ II 24V 60W NEC CLASS 2 IS NOW AVAILABLE FOR SHIPMENT.

DRP024V060W1NZ SPECIFICATIONS

Input Voltage Range	85-264Vac
Output Current	2.5A
MTBF	> 800,000hrs as per Telcordia SR-332
Dimensions (L x W x D)	120.6 x 32 x 126 mm
Weight	0.33kg
Warranty	3 years

Upcoming Events

- **Automation 2012**
Location: Mumbai, India
Dates: 7 – 10 September 2012
- **KOFAS 2012**
Location: Goyang, Korea
Dates: 11 – 14 September 2012
- **2012 NECA Energy Forum**
Location: Las Vegas, Nevada, USA
Dates: 29 Sept – 2 Oct 2012
- **Electronica 2012**
Location: Munich, Germany
Dates: 13 – 16 November 2012

PMT PANEL MOUNT POWER SUPPLY SERIES

- 12V 35W
- 12V 50W

*Now available for shipment.
